1.2 Mission and Positioning

Copperleaf positions itself in the upper-middle casual segment. The average lunch ticket is \$21.40 per guest and the average dinner ticket is \$38.60 per guest, which places the business above fast-casual competitors and below the fine dining rooms downtown. The stated mission is to serve food built from ingredients sourced within 120 miles of the kitchen, roasted and baked on premises, at a price a neighbor can afford twice a week.

1.3 What Makes the Business Different

- Every loaf, pastry, and cracker is baked on site at the Dunmore Road commissary and delivered to both cafes by 6:15 AM daily.
- All coffee is green-sourced through direct trade and roasted in house on a 15-kilogram Loring Smart Roast S15 Falcon.
- The menu changes four times a year on a fixed seasonal calendar, with a rotating chef's counter tasting on the last Thursday of each month.
- Roughly 68 percent of produce spend goes to five farms inside Brantley County.
- A house loyalty program, Copperleaf Circle, carried 11,480 active members as of July 2026.
